Mission, Vision & Core values

MISSION, VISION & CORE VALUES

I. MISSION

A commitment to human development, high-quality workforce training, scientific research, technological innovation and knowledge transfer that serves our country and global society.

II. VISION

To become a leading research university rooted in the technical and technological fields; to make significant contributions that develop a knowledge-based economy and maintain national peace and security; and to be a pioneer in growing and sustaining Vietnam's higher-education system.

III. CORE VALUES

1. **Academic Excellence - Effectiveness:** We are committed to academic excellence and optimal effectiveness throughout every aspect of our university
2. **Dedication - Commitment:** *We value the dedication and full commitment as the greatest values of generations of HUST staff and students.*
3. **Integrity - Respect:** We value integrity in professional and social life, respect for dignity, regard for our laws and regulations, and respect for the diversity and inclusivity of our community.
4. **Individual talent – Collective brainpower:** We value the success of the individual creativity and talent as key elements for successful breakthroughs - while also valuing the power of collective brainpower to ensure sustainable innovation and growth.
5. **Inheritance – Creativity:** We ensure that innovative and creative thinking, based on quintessential intellect, inherit existing achievements and promote traditional values.
